Safety Training Table:

Safety Training should be tailored to match employee's job description. Go to the Eh&S Website and then to **Safety Nets.** Download the appropriate sets of Safety Nets for each employee or have the trainee read the Safety Nets online. Documentation that training occurred is required. Used the Safety Net Safety Training Sheet to document training.

Safety Training Safety Net Series Job Description	Safety Orientation	Ergonomics	Physical Hazards	Miscellaneous	Chemical Lab/Lab Safety	Hazardous Waste	Radiation Safety	Biological Safety	Specialized Training
